

UNIKA – ITALY

MARINE KABEL CLASS 5 - EASY CODES - EINFACH ZU VERSTEHEN

- ✓ SH - **S**HIP - Electrical cables for shipboard installation

VOLTAGE

- ✓ PC - **P**OWER **C**ontrol 0,/1 kV black
- ✓ CI - **C**ONTROL **I**NSTRUMENTATION 150/250V (300V) grey

SCREEN / SCHIRM (for control instrumentation only/ für Steuerleitungen)

- ✓ U - **U**NSCREENED
- ✓ C - **C**OLLECTIVELY SCREENED
(aluminium/ polyester tape with drain wire on overall)
- ✓ I - **I**NDIVIDUALLY SCREENED
(aluminium/polyester tape with drain wire on each pair)
- ✓ IC - **I**NDIVIDUALLY + **C**OLLECTIVELY SCREENED

ARMOUR

- ✓ U - **U**NARMOURED
- ✓ A - **A**RMOURED (bare copper wire braid)

FIRE RESISTANT

- ✓ F - **F**IRE RESISTING (MICA tape version) ORANGE
- ✓ F-95 **F**IRE RESISTANT(Silicon ceramized insulation version) Standard ORANGE

EMC VERSION with high screening effectiveness

- ✓ POWER CABLE with additional aluminium tape or copper tape underneath the copper braid (for copper tape add **R** to the commercial code)
- ✓ CONTROL CABLES with different aluminium tape or copper tape (for copper tape add **R** to the commercial code)
